MEMORANDUM FOR: Director of Logistics

SUBJECT : Emergency Power Headquarters Building,
Langley

REFERENCE : Your memo to D/PPB thru DD/S, dtd 14 Nov 66,
same subj

1. Pending receipt of the Support Directorate fund allocation for FY 1967, I do not believe it would be productive to forward your memorandum to the Office of Planning, Programming and Budgeting. O/PPB approval is not required, and we will not normally seek allocation increases for individual items in such small amounts. You are right, however, in recording it as an item which must be provided for.

2. When our allocation is received we may find that this cost can be absorbed within the Office of Logistics allowance or within that of the Support Directorate. If not, we will incorporate it with other requirements and seek additional funding from O/PPB. In the meantime, we should act on the relative priority of the requirement.

MEMORANDUM FOR: Director of Planning, Programming
and Budgeting

THROUGH : Deputy Director for Support

SUBJECT : Emergency Power Headquarters Building,
Langley

1. This memorandum contains a recommendation for your approval; such recommendation is contained in paragraph 4.

2. A cost estimate has been received from the General Electric Company for provision and installation of electrical equipment which will permit operation of the Headquarters emergency generators in parallel with commercial power (VEPCO) without interrupting the flow of power to the building.

3. The price for furnishing materials, labor and supervision is \$8,500.

4. It is recommended that \$10,000 be made available to accomplish this work.
